

All about Our Home Learning Packs

We have included some Learning at Home information sheets with suggestions of experiences and activities that you and your child could take part in around the home when your child is not in nursery. Our information sheets outline some benefits in each area.

Every child is an individual and learns at their own pace. If your child does not want to take part in certain experiences, that's OK, take lead from your child. In this pack is suggestions and guidance for you to promote home learning but does not mean you have to complete all experiences.

When at home we would love to see what the children and families have been learning and any activities you have been doing. Please share on our Twitter page

We will upload videos and pictures on our Twitter page and website with examples of experiences. Please check out our website

www.penilee-nursery.glasgow.sch.uk

If you would like to share your learning by email please email Morag

Morag can share on Twitter and our website.

Remember to have fun together when you are supporting your child's development.

Learn through play.
