Glasgow City Council's 6
Principles of Nurture

1. Children and young people's learning is understood developmentally.

2. The classroom/school offers a safe base.

3. The importance of nurture for the development of self-esteem.

4. Language is a vital means of communication.

5. All behaviour is communication.

6. The importance of transition in young people's lives.

This year we are working closely on principle 2 and 6 to improve our practice.
